ABOUT THE INSTITUTION

Misrimal Navajee Munoth Jain Engineering College (MNMJEC)
was established in 1994 by the Tamilnadu Educational & Medical foundation to provide quality technical education. The institution is affiliated with Anna University, Chennai, and is approved by AICTE, New Delhi.

The college upholds strong philanthropic values and does not accept capitation fees in any form. Over the years, the institution has successfully completed more than two decades of dedicated service to society at large and to the Jain community in particular.

The college aims to shape students into responsible individuals who contribute to the nation's growth. It prepares them to meet their professional duties with integrity and commitment, while helping young engineers build leadership skills and achieve success in their careers.

ABOUT THE DEPARTMENT

The Computer Science and Engineering department develops interdisciplinary skills and prepares students for careers in the software industry. It focuses on databases, web technologies, cloud computing, big data, smart environments, and modern networks, shaping learners to meet 21st-century challenges.

Vision:
Producing competent computer engineers with a strong background in the latest trends and technology to achieve academic excellence and to become pioneers in software and hardware products with an ethical approach to serve the society.

Mission:
1. To provide quality education by inculcating strong fundamentals in basic science , mathematics and Engineering concepts through the state of the art facilities.
2. To provide the learning ambience that helps the students to enhance problem solving skills and to inculcate in them the habit of continuous learning in their domain of interest.
3. To serve the society by providing insight solutions to the real world problems by employing the latest trends of computing technology with strict adherence to professional and ethical responsibilities.
